

Transportation Project Engineer

Indianapolis, Indiana

Company Profile

United Consulting is a full service, civil engineering firm which was established in 1965. We take pride in maintaining a desirable and rewarding workplace culture for our employees and excellent services to our clients.

Currently, we have an exciting opportunity in our Road Department to offer the right candidate who desires to play an integral role in transforming transportation projects into reality.

United offers a competitive salary; four and a half day work week; 401K with 6% company match; health and wellness incentive program; health, vision, and dental insurance benefits; and many additional company perks.

We promote a healthy work/life balance and encourage employee participation in numerous company functions such as golf events, holiday parties, summer picnics, and many fun activities.

Minimum Experience, Education, Duties, Skills, and Requirements:

Experience:

- Five to ten years of civil engineering experience on transportation design projects
- Licensed Professional Engineer in the state of Indiana
- Preferred INDOT certified Pavement Designer
- Preferred INDOT certified Utility Coordinator

Education:

- Bachelors Degree in Civil Engineering

Duties:

- Prepare a complete set of contract documents including plans, specifications, quantities, and cost estimates
- Conduct meetings in the office and with clients
- Work and coordinate with a design team and with other internal departments
- Lead proposals and presentations for clients
- Meet project deadlines
- Sign final tracings

Skills:

- Must possess strong interpersonal and communication skills
- Able to work independently with minimal instruction
- Able to work on multiple projects at once
- Strong interpersonal skills to work within a design team
- Able to work outdoors traversing uneven or difficult terrain
- Use and proper application of the Indiana Design Manual, the INDOT Standard Specifications, and the INDOT Standard Drawings
